~~An act to repeal and add Chapter 7 (commencing with Section 104322) of Part 1 of Division 103 of the Health and Safety Code, *An act relating to prostate cancer, and making an appropriation therefor.*~~

LEGISLATIVE COUNSEL'S DIGEST

SB 650, as amended, Ortiz. Prostate cancer: Improving Access, Counseling, and Treatment for Californians with Prostate Cancer (IMPACT) Program.

Existing law requires the State Department of Health Services to develop a program to provide, through contracts, prostate cancer treatment services to low-income uninsured and underinsured men. Pursuant to this requirement, the department has established the Improving Access, Counseling, and Treatment for Californians with Prostate Cancer (IMPACT) Program.

~~This bill would establish the IMPACT Program as a permanent program within the department's Cancer Control Branch, Cancer Detection Section. The bill would require that treatment under this~~

~~program be provided to uninsured and underinsured men with incomes at or below 200% of the federal poverty level. This bill would authorize the department, at the expiration of the existing program contract, to extend, modify, and enter into new contracts for purposes of the program. The bill would provide that the program shall be administered at the University of California, Los Angeles, under the direction of a program director, in association with clinical medicine, public health, and health services. The bill would establish program requirements and the duties of the program contractor. The bill would require the program to annually provide information to the director and the Legislature require the department to report to specified legislative committees, by March 31, 2006, and March 31, 2008, its evaluation of the IMPACT Program. The bill would appropriate \$5,000,000 from the General Fund to the department for purposes of the IMPACT Program.~~

Vote: ~~majority~~^{2/3}. Appropriation: ~~no~~-yes. Fiscal committee: yes. State-mandated local program: no.
